

EXPERT EVIDENCE REPORT INDEX-SUMMARY

— Vol. 10, Nos 1-24, pp. 1-616
— Jan. 4 - Dec. 20, 2010

A

ACCOUNTING

Auditor malpractice, defending at pleading stage, analysis, 147

Fraud. *See* FRAUD

Tax evasion, accountant failure to detect underreporting not defense (1st Cir.), 169

ADVERTISING *See* MARKETING

AFFIDAVITS

Competency for estate planning purposes, exclusion for failure to attach medical records (Wyo.), 559

Legal malpractice, indigent affidavit requirement (Ga.), 366

Medical malpractice

—Affidavit not superseded buy later taken deposition (Tenn. Ct. App.), 390

—Contradiction of earlier deposition, summary judgment not precluded (Ohio), 381

—Declaration signed under perjury penalty acceptable (Nev.), 336

—Reasonable belief in credentials (Mich. Ct. App.), 31

AGE DISCRIMINATION

Discovery, arbitration restriction unconscionable (N.D. Cal.), 483

Late filed expert report, same report filed in earlier suit (10th Cir.), 363

Mandatory retirement age for state troopers, conflicting proof on ability to perform job (Vt.), 393

ALABAMA

Necessity, attic stairway faulty installation, engineering license not needed (Ala.), 82

AMERICANS WITH DISABILITIES ACT (ADA)

Major bodily functions list, effect on use of experts, 396

ANTITRUST

Class actions

—Chemical manufacturers, manageability not determinative factor in certifying (Iowa), 40

—Conflicting expert evidence scrutinized at certification stage (E.D. Pa.), 464

—*Dukes v. Wal-Mart Stores* rigorous analysis rule, implications, analysis, 501

—Expert testimony analysis at certification stage, *Hydrogen Peroxide* decision, 324

—Hospital pricing, certification rejected prior to ruling on admissibility of expert report (N.D. Ill.), 234

—Legal opinion on how court should rule rejected (Ark.), 59

—Pineapple market, selective facts testimony rejected (2d Cir.), 557

—Thermostats, economic evidence improperly denied at early stage (Vt.), 5

Damages

—Artificial tooth manufacturer, leeway allowed in hypothetical (M.D. Pa.), 260

—Automotive price-fixing, failure to show link between violations and dealership financial difficulties (U.S., rev den), 513

—Fed. R. Evid. 803(3) hearsay exception use to prove, analysis, 70

Geographic market, economic proof, size of market too small (E.D. Tenn.), 418

Legal malpractice, economist definition of relevant market as proof of underlying claim (Cal. Ct. App.), 111

Market definition

—Auto racing, testimony deviating from standardized test (6th Cir.), 11

—Gambling, night club owners not qualified (9th Cir.), 163

Nurses' wage-fixing claims, testimony on anticompetitive effect (N.D.N.Y.), 391

Pharmaceutical company re generic manufacturer, indirect purchaser class action denied certification (E.D. Pa.), 510

APPRAISALS *See* VALUATION

ARBITRATION

Discovery restriction unconscionable (N.D. Cal.), 483

Use of experts in proceedings, Natl. Acad. of Arbitrators, 323

Wrongful death, detailed expert interrogatory deemed waiver of right (N.C. Ct. App.), 530

ARCHITECTS

Unwritten consensus sufficient to establish standard of care (N.J. Super. Ct. App. Div.), 14

ARIZONA

Daubert standards, legislation moving to *Frye* standard signed, 267

ARKANSAS

Antitrust, legal opinion on how court should rule rejected (Ark.), 59

Medical malpractice, bar against defendant testifying as expert upheld (8th Cir.), 409

ASBESTOS

Automotive products workplace exposure, causation experts support verdict (N.J. Super. Ct. App.), 233

Causation testimony, occupational exposure re smoking as cause of pleural thickening (Pa.), 389

Railworkers, failure to prove economic damages not bar to noneconomic damages (Miss.), 60

Refinery worker's lay testimony allowed to determine if consumer safety expectations in 1950s and 1960s met (Cal. Ct. App.), 450

ATTORNEYS

Anders no-merit brief, reference to proceeding sufficient to warrant confidence in counsel's opinion required (7th Cir.), 264

Conflicts of interest, prior representation, waiver must be unqualified (Cal. Ct. App.), 411

Fees

—Expert reports, dismissal for failure to produce, fees mandated (Tex.), 463

—Reasonableness determination requires expert (Fla. Dist. Ct. App.), 418

Malpractice. *See* LEGAL MALPRACTICE

Misappropriation of funds, post-9/11 trauma supports lack of intent (N.Y. App. Div.), 421

Misrepresentation of expert's finding, claims against law firm to proceed (E.D. Pa.), 560

Patents, expert not barred from working for client's former litigation opponent (Tex. App.), 65

Privileged communications. *See* PRIVILEGED COMMUNICATIONS

Pro hac vice status, improper contract of expert by opposing party (N.C.), 365

B

BANKING

Proxies, failure to disclose year-end bonuses, media-based reports inadmissible (S.D.N.Y.), 39

BIAS

Board certified physician, exclusion for serving as plaintiff's witness on multiple occasions (1st Cir.), 388

Disability benefits, medical evaluator required to answer interrogatories (S.D. Ind.), 280

Judge comments on intention to inspect credentials and writing on Internet (4th Cir.), 344

Juror and witness contact during trial (Md.), 470

Medical malpractice

—Expert and defendant use of same insurer (Ky.), 551

—Expert's finances and litigation history, discovery order unfairly burdened witness (N.J. Super. Ct. App. Div.), 579

BUILDING AND CONSTRUCTION

Architects, unwritten consensus sufficient to establish standard of care (N.J. Super. Ct. App. Div.), 14

Occupational safety expert may testify on duty owed by contractor to subcontractor (Md. Ct. Spec. App.), 287

Sidewalk defect, building code expert photographic-based calculations barred (N.D. Ill.), 602

C

CALIFORNIA

Asbestos, refinery worker's lay testimony allowed to determine if consumer safety expectations in 1950s and 1960s met (Cal. Ct. App.), 450

Attorneys, conflict of interests, waiver must be unqualified (Cal. Ct. App.), 411

Benzomastic torch explosion, expert testimony required (9th Cir.), 255; (U.S., rev den), 530

Discovery, arbitration agreement restricting unconscionable (N.D. Cal.), 483

Interrogatories, psychiatric examination by opposing counsel, monitoring by counsel in another room requires exceptional circumstances (Cal. Ct. App.), 598

Legal malpractice, antitrust, economist definition of relevant market sufficient (Cal. Ct. App.), 111

San Francisco police, class action age discrimination, failure to establish commonality (N.D. Cal.), 471

Slip-and-fall injuries, unattended hospital patient fall from walker, expert not required (Cal. Ct. App.), 41

Tire manufacturing solvent exposure, non-Hodgkins lymphoma, failure to establish causation (Cal. Ct. App.), 538

CARS *See* MOTOR VEHICLES

CAUSATION

Antitrust, use of Fed. R. Evid. 803(3) hearsay exception to prove, analysis, 70

Autism link to accident-caused brain injury rejected (11th Cir.), 340

Chemical exposure. *See* CHEMICALS

Daubert guidelines. *See* DAUBERT GUIDELINES AND ANALYSIS

Fires. *See* FIRES

Fosamax, jaw bone disorder. *See* PHARMACEUTICALS

Halogen lamp defect, failure to address alternative theories (Tex.), 337

Herbicide-caused crop loss, lack of causation expert dooms claim (7th Cir.), 585

Hurricane Katrina-caused damage, opinion based on years later inspection of similar property (S.D. Miss.), 442

Medical causation. *See* MEDICAL CAUSATION

Plutonium contaminated property, mere exposure insufficient to establish damages (10th Cir.), 469

Res ipsa loquitur, cataract surgery, infection-caused injury, failure to trace source (Ill. App. Ct.), 448

Securities fraud class action, fraud-on-the-market presumption requires link between misrepresentations and loss at certification stage (5th Cir.), 134

Soil excavation cave-in, soil expert testimony based solely on photos inadequate (OSHA), 146

CHEMICALS

Antitrust, EPDM manufacturers, manageability not determinative factor in certifying class action (Iowa), 40

CHEMICALS —Contd.

Benzene-caused cancer
—Statistically insignificant studies, testimony relying on rejected (5th Cir.), 489
—Studies fail to support expert opinion (S.D. Ohio), 83
—Summary judgment reversed for failure to conduct *Daubert* hearing (Tex. App.), 488
Carbon monoxide exposure from rental U-Haul, speculation on manner of gas entering cabin rejected (3d Cir.), 531
Diacetyl, popcorn-related lung injury, dismissal for inadequate causation (E.D. Wash.), 393
Dursban-caused injuries
—Cerebral palsy and heart-liver problems, comparative analysis rejected (8th Cir.), 601
—Non-hodgkins lymphoma, testimony barred for flawed methodology and differential diagnosis (W.D. Pa.), 137
Formaldehyde, FEMA trailers, industrial hygienist false statements in unrelated case not bar to testimony (5th Cir.), 581
Gadolinium-caused Nephrogenic Systemic Fibrosis, expert testimony admissible (N.D. Ohio), 257
Gas can explosion, evaporation rate of aged gasoline, unknown error rate and lack of literature not bar (D. Utah), 554
Herbicide-caused crop loss, lack of causation expert dooms claim (7th Cir.), 585
Hexavalent chromium-caused dermatitis, watch straps, conclusory report not stating relevant standards rejected (W.D. La.), 62
Hydrogen sulfide, failure to establish exposure level (8th Cir.), 289
Lye cleaner caused injuries, design defects, inadequate warning claims dismissed (N.Y. App. Div.), 37
Manganese welding rod fume-caused Parkinson's disease, speculative causation rejected (6th Cir.), 461
Nickel, judicial notice of toxicity levels needed rejected (N.D.N.Y.), 263
Paint fumes, multiple chemical sensitivity, speculative proof rejected (Kan.), 531
Plutonium contaminated property, mere exposure insufficient to establish damages (10th Cir.), 469
Sodium dichromate-caused lung cancer, smoker fails to establish causation (N.Y. Sup. Ct.), 87
Tire manufacturing solvent exposure, non-Hodgkins lymphoma, failure to establish causation (Cal. Ct. App.), 538
Uranium, mine radiation exposure, throat cancer, "but for" test not met (10th Cir.), 490
Vinyl chloride discharges, average exposure determination and cancer cluster failure to show classwide exposure (E.D. Pa.), 144

CHILD ABUSE

CAT scan interpretation, expert need not have same credentials as preparer of source material (Ind. App. Ct.), 413
Hearsay, statements made to nurse examiners not categorically rejected (N.M.), 536
Proof of improper interviewing techniques allowed (Ky.), 227
Reliability of 3-year old, expert barred from testifying (Ill.), 600

CHILD PORNOGRAPHY

Computer cache of temporary Internet files not proof of intentional possession (N.Y. App. Div.), 562

CHOICE OF FORUM See FORUM SELECTION

CLASS ACTIONS

Age discrimination, police promotions, failure to establish commonality (N.D. Cal.), 471
Air pollution, vinyl chloride discharges, average exposure determination and cancer cluster failure to show classwide exposure (E.D. Pa.), 144
Antitrust. *See* ANTITRUST

Burden of proof and evidentiary standards, analysis, 369
Consumer credit, misleading dunning letters, faulty survey (7th Cir.), 131
Daubert analysis at certification stage, analysis, 540
Economic proof of deceptive trade practices (S.D.N.Y.), 444
Employment litigation, sampling techniques best use, analysis, 474
Environment, real property contamination, individual determinations defeat certification (M.D. Ala.), 537
Mass torts, challenging peer-reviewed scientific literature, 397
Product liability
—Conclusive ruling on admissibility required at certification stage (7th Cir.), 201
—*Daubert* considerations as pre-certification stage, analysis, 348
—Motorcycle defects, expert evidence admissible at certification stage (N.D. Ill.), 38
—Peer-reviewed scientific literature, challenging, 397
—Plumbing pipes, pre-certification of mean time to failure calculations admissibility deferred (D. Minn.), 261
Securities, fraud-on-the market presumption requires link between misrepresentations and loss at certification stage (5th Cir.), 134
Sex discrimination certification, statistical evidence upheld (9th Cir.), 219; role of experts at certification stage, analysis, 423; antitrust implications, analysis, 501
Stock drop litigation, valuation expert using alternative investment methodology demonstrates injury-in-fact (E.D. Pa.), 209

COLORADO

Computer search of victim and family member computers (Colo.), 358

COMPETENCY

Affidavits, exclusion for failure to attach medical records (Wyo.), 559

COMPUTERS

Apple iPhone source code, speculation as to value of insufficient to compel discovery (N.D. Cal.), 196
Child pornography possession and procurement, cache of temporary Internet files not proof of intentional possession (N.Y. App. Div.), 562
Computer and cell phone search fails to satisfy *Menke* standards (Fla. Dist. App.), 282
Computer Fraud and Abuse Act, use of confidential data not actionable (N.D. Ill.), 68
Data theft, spoilation and suspicious defendant testimony, neutral expert exam (D. Conn.), 359
E-discovery. *See* DISCOVERY
E-mail retrieval of personal messages to attorney on company laptop violated privacy (N.J.), 193
Electronic data loss, adverse interference instruction issued (D.N.H.), 512
Fourth Amendment application, Special Report, 211
Medical malpractice, evidentiary implications on switch to electronic records, analysis, 498
Patent infringement, circuit boards, jury acted within discretion in crediting plaintiff's expert (Fed. Cir.), 209

CONFERENCES AND MEETINGS

American Bar Ass'n, 92
Biotechnology Industry Organization, 564
National Academy of Arbitrators, 323
National Employment Lawyers Ass'n, 396

CONFLICTS OF INTEREST See also BIAS

Attorneys, prior representation, waiver must be unqualified (Cal. Ct. App.), 411

CONNECTICUT

Orthopedic implant screw failure, strict liability, modified consumer expectation used (N. Conn.), 16

CONSTRUCTION See BUILDING AND CONSTRUCTION

CONTROLLED SUBSTANCES See DRUGS

COPYRIGHTS

Expert report lacking discussion of basis and reasons for opinion rejected (6th Cir.), 284

COURT-APPOINTED EXPERTS

Tenn. approves use of volunteers by district AGs (Tenn.), 42
World Trade Center responders, settlement offer rejected as unfair, judge to appoint team to administer claims (S.D.N.Y.), 174

CRIMINAL LAW AND PROCEDURE See also FORENSIC ANALYSIS

Ancillary jurisdiction over subpoenaed expert fees (8th Cir.), 417
Child pornography possession and procurement, cache of temporary Internet files not proof of intentional possession (N.Y. App. Div.), 562
Child sex abuse
—Proof of improper interviewing techniques allowed (Ky.), 227
—Reliability of 3-year old, expert barred from testifying (Ill.), 600
Controlled substances. *See also* DRUGS
—Bias, juror and witness contact during trial (Md.), 470
—Drug dealer unqualified to interpret drug trafficking terminology (D.C. Cir.), 285
—Over prescribing, admission of video showing proper patient exams harmless error (6th Cir.), 10
—Witness reporting results of analysis by another expert violates right to confrontation (N.C. Ct. App.), 230
Discovery, right to speedy trial, state delay in funding for indigents' experts (Ga.), 196
DNA testing. *See* DNA TESTING
E-discovery, computer search of abuse victim and family member computers (Colo.), 358
Financial fraud. *See* FRAUD
Frivolous appeals, *Anders* no-merit brief, reference to proceeding sufficient to warrant confidence in counsel's opinion required (7th Cir.), 264
Illegal drugs. *See* Controlled substances, *this heading*
Lay testimony, Medicare fraud, HHS special agent testimony deemed direct proof (N.D. Cal.), 290
Mental disease, psychiatrist testimony on Asperger's disorder irrelevant in murder case (Minn.), 532
Scope of witness questioning, questions contrary to attorney assertion (10th Cir.), 365
Sentencing phase. *See* SENTENCING
Sexual assault, nurse opinion on consistency of injuries with assault not legal opinion (Ind. Ct. App.), 113
Statements against interest, expert on false confessions rejected as confusing (W.Va.), 202

D

DAMAGES

Antitrust
—Artificial tooth manufacturer, leeway allowed in hypothetical (M.D. Pa.), 260
—Fed. R. Evid. 803(3) exception use, analysis, 70
Antitrust, automotive price-fixing, failure to show link between violations and dealership financial difficulties (U.S., rev den), 513
Asbestos, failure to prove economic damages not bar to noneconomic damages (Miss.), 60
Auto accident injuries, course of medical treatment may not be challenged (Ind.), 133
Employment lost wages formula, degree of future earnings impairment testimony necessary (N.H.), 361
National origin discrimination, tax implications of award, expert proof allowed (E.D. Pa.), 143

DAMAGES —Contd.

Patents

- Hypothetical negotiations-based calculations
- —Allowed (Fed. Cir.), 311
- —Reasonableness, *Daubert* analysis of expert testimony, 608
- Royalties, failure to link licensing to infringement (Fed. Cir.), 118
- Trial judge proper gatekeeper of testimony (Fed. Cir.), 9

Plutonium contaminated property, mere exposure insufficient to establish damages (10th Cir.), 469

DAUBERT GUIDELINES AND ANALYSIS

- Arizona, legislation moving to *Frye* standard signed, 267
- Bendectin to vaccine-caused autism, evolving judicial scrutiny, practitioner analysis, 237
- Benzene exposure, summary judgment reversed for failure to conduct *Daubert* hearing (Tex. App.), 488
- Benzomatic torch explosion, expert testimony required (9th Cir.), 255; *Daubert* application in diversity suits upheld (U.S., rev den), 530
- Bone screw defect, reliance on medical journal articles not based on epidemiological data (11th Cir.), 435
- Class action certification stage, analysis, 540
- Differential diagnosis based on experience and review of medical literature sufficient (E.D. Va.), 312
- Drunk driving
- Field sobriety test, *Frye* standards applicability to opinion of police officer (Kan.), 387
 - Horizontal gaze nystagmus test, reliability of field sobriety test needs to be established (Neb.), 254
- Elbow implant, rigid application of *Daubert* to exclude expert overturned (9th Cir.), 129; rehearing denied, 231
- EPA greenhouse rules, application of *Daubert* analysis, 120
- Expert opinion not generally accepted barred (Miss.), 79
- Fosamax-caused jaw bone disorder, causation expert testimony allowed (S.D.N.Y.), 83
- Gadolinium-caused Nephrogenic Systemic Fibrosis, expert testimony admissible (N.D. Ohio), 257
- Hip implants, metal ejection theory not subject to testing or peer review fails *Daubert* (M.D. Ga.), 581
- Hormone therapy-caused breast cancer, causation testimony rejected (E.D. Ark., D. Minn.), 466
- Ladders, microscopic exam producing micro-crack theory reliable (4th Cir.), 35
- Manganese welding rod fume-caused Parkinson's disease, speculative causation rejected (6th Cir.), 461
- Medical malpractice
- Coronary stents, nickel allergic reaction, novel theory lacking general acceptance fails *Frye* (Wash. Ct. App.), 115
 - Open-heart surgery, circulatory arrest induced pleural effusion, rejection of testimony for lack of experience or literature (3d Cir.), 555
- Motor vehicle design defects, rollover claims, Jordan Rollover System crush test unreliable (W.D. Okla.), 203
- Motorcycle circuit breaker defect, molten metal analogy to spattered blood fails *Frye* (Wash. Ct. App.), 577
- Narcotic intoxication-caused death, analytical gaps in physician testimony go to weight (5th Cir.), 174
- Pain pump-caused chondrolysis, expert testimony passes *Daubert* test (S.D. Ohio), 172
- Patents, hypothetical negotiations-based calculations reasonableness, analysis, 608
- Pharmaceuticals
- Phenylpropranolamine based cold medicine-caused neurological illness, bare analogy from reported cases insufficient (Iowa), 105
 - Trial court failure to perform analysis, drugmakers seek review (U.S., rev sought), 279; (rev den), 343

Sex discrimination, class certification, *Daubert* does not require analysis of persuasiveness (9th Cir.), 219; role of experts at certification stage, analysis, 423; antitrust implications, analysis, 501

DEFAMATION

Ethics standards testimony admissible in prosecutor's claims against ex-employer to establish malice (Wash. Ct. App.), 92

DEFENSES

- Hydraulic lift platform failure, expert need not address product misuse (Ill. Ct. App.), 315
- Tax evasion, accountant failure to detect underreporting not defense (1st Cir.), 169

DELAWARE

- Medical causation, testimony of expert unaware of pre-motor vehicle accident treatment excluded (Del.), 249
- Medical malpractice
- Biopsy of wrong organ (Del.), 367
 - Qualifications, testimony of hospital former chief surgeon improperly excluded (Del.), 466
- Motor vehicle accident, testimony by expert not visiting scene barred (Del.), 440
- Slip-and-fall injuries, duty to keep floors clear of spills, expert not required (Del. Super. Ct.), 114

DEMONSTRATIVE EVIDENCE

Ship unseaworthiness, photograph of unsafe practices to support injury claim (1st Cir.), 515

DEPOSITIONS

- Expert report barred unless author available (Tenn.), 55
- Non-testifying accident investigator deposition may not be queried by expert (Tenn. Ct. App.), 118

DESIGN DEFECTS *See also* PRODUCT SAFETY AND LIABILITY

- Cars. *See* MOTOR VEHICLES
- Coffee cup burn injury, testimony rejected for lack of intellectual rigor and analytical basis (2d Cir.), 529
- Lye cleaner caused injuries, inadequate warning claims dismissed (N.Y. App. Div.), 37
- Medical devices. *See* MEDICAL DEVICES
- Motorcycles. *See* MOTOR VEHICLES
- SUVs. *See* MOTOR VEHICLES
- Timex watch straps, hexavalent chromium-caused dermatitis, conclusory report not stating relevant standards rejected (W.D. La.), 62
- Vending machine fire, causation, theory based on speculation improper (E.D. Pa.), 66

DIFFERENTIAL DIAGNOSIS *See* METHODOLOGY

DISABILITY BENEFITS

- Bias, medical evaluator required to answer interrogatories (S.D. Ind.), 280
- Vocational rehabilitation expert opinion of fitness for work rejected in favor of treating physician (5th Cir.), 231

DISCLOSURE

- Bank of Am. proxy failure to disclose Merrill Lynch year-end bonuses, media report-based opinion inadmissible (S.D.N.Y.), 39
- Product liability, FDA proposed expansion of information of applications and clinical findings, misuse potential, 451
- Supreme Ct. expert witness disclosure rule changes approved, 266; rule takes effect, 588

DISCOVERY

- Arbitration restriction unconscionable (N.D. Cal.), 483
- Computer files. *See* FORENSIC ANALYSIS

Criminal procedure, right to speedy trial, state delay in funding for indigents' experts not violation (Ga.), 196

- Deposition use as proof (Neb.), 336
- Design defects, ObTape Transobdurator sling, substantial equivalence review, competitor ordered to produce data (M.D. Ga.), 56
- Disability benefits, medical evaluator required to answer questions on bias (S.D. Ind.), 280
- Disclosure of report 18 days after deadline insufficient to exclude (Fed. Cl.), 357
- Drug-dogs, uncertainty of dog's capabilities required to allow expert (6th Cir.), 493
- E-discovery
- Collection process and issues, 589
 - Computer search of victim and family member computers (Colo.), 358
 - Defense expert right to hard drive copy (Wash.), 337
 - Federal litigation, use boosts plaintiff's costs, survey, 176
 - Forensic proof of file deletion of laptop files results in dismissal of harassment claims (Mich. App.), 57
 - Metadata preservation, Analysis & Perspective, 43
 - Spoilation of evidence, failure to show bad faith thwarts summary judgment (D.D.C.), 485; analysis, 520
- E-mails, privileged communications inadvertently sent to expert required to be disclosed (S.D. Ohio), 108
- Electronic data loss, adverse interference instruction issued (D.N.H.), 512
- Emotional distress, mental exam by defense expert ordered (E.D. Cal.), 163
- Finances and litigation history order unfairly burdened expert (N.J. Super. Ct. App. Div.), 579
- Health benefit denial, additional discovery of conflict of interest of independent expert allowed (D. Neb.), 165
- Interrogatories, psychiatric examination by opposing counsel, monitoring by counsel in another room requires exceptional circumstances (Cal. Ct. App.), 598
- Medicare fraud, expert referral to DOJ memos requires production of documents (D. Idaho), 80
- MTBE contamination, industry-funded toxicity study, access raw data (S.D.N.Y.), 438
- NIH peer-review data, privilege recognized (D. Del.), 281
- Physician license disciplinary proceeding, investigative records ordered disclosed (Fla. Dist. Ct. App.), 487
- Sanctions, water heater gas control, reports from nontestifying experts in settled cases not basis (Ind. App. Ct.), 225
- Securities fraud, internal accounting documents to prove loss causation not accessible (S.D. Tex.), 199
- Speculation as to value of additional data insufficient to compel (N.D. Cal.), 196
- Work product doctrine yields to discovery of expert communications (Pa. Super. Ct.), 486
- Wrongful death, arbitration of negligence claims, detailed expert interrogatory deemed waiver of arbitration right (N.C. Ct. App.), 530
- Zyprexa litigation, confidential documents, permanent injunction bars disclosure (2d Cir.), 437

DISCRIMINATION

- Age discrimination, RIFs, statistical link between age and likelihood of termination (D. Me.), 251
- Employment discrimination, emotional distress claim, mental exam by defense expert ordered (E.D. Cal.), 163
- Gender discrimination, significant statistical disparity testimony allowed (S.D.N.Y.), 137
- National origin discrimination, tax implications of award, expert proof allowed (E.D. Pa.), 143
- Race. *See* RACE DISCRIMINATION
- Sex. *See* SEX DISCRIMINATION

DISTRICT OF COLUMBIA

Medical malpractice, trimester abortion, national standard of care (D.C.), 339

DIVORCE

Legal malpractice, expert required (Me.), 562

DNA TESTING

Autopsy results, nonperforming expert testimony restricted to personal conclusions (Okla. Crim. App.), 314

Confrontation clause not applicable to proving match (Ill.), 416

Nonexclusion of defendant testimony requires testimony on statistical significance (Mass.), 86

Rape, misstatement of match probability insufficient to exclude (U.S., rvs), 33

DRUGS *See also* PHARMACEUTICALS

Controlled substances

—Criminal procedure. *See* CRIMINAL LAW AND PROCEDURE

—Drug-dog, expert only allowed to challenge dog's capabilities (6th Cir.), 493

—Hearsay, dealer ledgers, testimony on why kept fails business records exception (5th Cir.), 558

—NarTest Machine, failure to demonstrate reliability bars evidence (N.C. Ct. App.), 36

—Over prescribing, admission of video showing proper patient exams harmless error (6th Cir.), 10

—Police officer visual identification insufficient (N.C. Ct. App.), 534

—Profiling of courier mental state, ADEA agent testimony linking defendant to characteristics inadmissible (5th Cir.), 491

—Visual identification unreliable (N.C.), 341

—Workers' compensation impairment exception, ignoring proof of difficulty of identifying individual high on marijuana results in set aside of award (Kan. Ct. App.), 320

Over-the-counter, Motrin-caused blindness, exclusion of label with expert's handwritten warning suggestions proper (Cal. App. Ct.), 533

DRUNK DRIVING *See* MOTOR VEHICLES

E

E-DISCOVERY *See* DISCOVERY

ECONOMIC SUBSTANCE

Codification and new case law impact, analysis, 293

ELECTRONIC MEDIA *See* COMPUTERS

EMOTIONAL DISTRESS

Employment discrimination, mental exam by defense expert ordered (E.D. Cal.), 163

ENVIRONMENT

Air pollution

—EPA greenhouse rules, application of *Daubert* analysis, 120

—Liquor distillery, odor and particulate trespass claims, off-site testing data sufficient (W.D. Ky.), 68

—Vinyl chloride discharges, average exposure determination and cancer cluster failure to show classwide exposure (E.D. Pa.), 144

Chevron/Ecuador dispute

—Ecuador removes judge for inaction on fraud claims (Sup. Ct. Nueva Loja), 519

—Expert reports on contamination called fraudulent (N.D. Ga.), 197

Discovery, industry-funded MTBE toxicity study, access raw data (S.D.N.Y.), 438

Mold exposure, expert not needed (Mich. Ct. App.), 15

Paper mill contamination, class certification defeated by need for individual determinations (M.D. Ala.), 537

Plutonium contaminated property, mere exposure insufficient to establish damages (10th Cir.), 469

Tanker discharges, exclusion of testimony linking oil samples in discharge hose results in defense verdict (S.D. Tex.), 264

ERISA

Actuary malpractice, failure to detect flawed data from

pension plan, claims dismissed (N.D. Ohio), 209

Stock drop litigation, valuation expert using alternative investment methodology demonstrates injury-in-fact to pursue class action (E.D. Pa.), 209

ESTATE TAX

Accuracy-related penalty, reliance on inexperienced attorney and accountant reasonable (2d Cir.), 176

Real property valuation, future zoning properly assumed (5th Cir.), 602

EVIDENCE *See also specific type of evidence*

Discovery. *See* DISCOVERY

Electronic evidence, collection process and issues, 589

Motion judge evidentiary ruling not bar to re-raising at trial (N.Y. App. Div.), 337

Spoilation, computer data, failure to show bad faith thwarts summary judgment (D.D.C.), 485; analysis, 520

EXPERT REPORTS

Author required to be available for deposition (Tenn.), 55

Biotechnology patents, reports held to high standards, 564

Chevron/Ecuador oil contamination claims

—Ecuador removes judge for inaction on fraud claims (Sup. Ct. Nueva Loja), 519

—Reports on contamination called fraudulent (N.D. Ga.), 197

Class certification rejected prior to ruling on admissibility of competing reports (N.D. Ill.), 234

Copyright infringement, report lacking discussion of basis and reasons for opinion rejected (6th Cir.), 284

Criminal proceeding, reliance on pretrial bail report at sentencing hearing (2d Cir.), 417

Davol Bard Composix Kugel Hernia Mesh patch, failure to inform patient of recall not malpractice requiring report (La. Ct. App.), 250

Medical malpractice

—Birth injuries, minute differences in risk factors (Tex. App.), 385

—Delayed diagnosis related pain, report sufficient (Tex. App.), 32

—Knee injury, no link between injury and breach of care (Tex. App.), 338

—Multiple reports, use to establish standard of care (Tex. App.), 385

—Neurologist's tying of opinion to facts of case adequate (Tex. App.), 599

—Port-a-cath misplacement, board certified physicians qualified (Tex. App.), 7

—Prescription drug firm providing oxygen deemed health care provider for report requirement (Tex. App.), 312

—Septic infection, failure to set forth standard of care dooms report (Tex. App.), 31

—Treating physician opinion not determined at time of treatment (7th Cir.), 463

Necessity. *See* NECESSITY

Occupational exposure induced asthma, report generated for purpose of litigation inadmissible

hearsay (Tenn.), 60

Sexual assault, claims against orthopedist not health liability action requiring report (Tex. App.), 313

Untimely reports

—Age discrimination, same report filed in earlier suit (10th Cir.), 363

—Disclosure 18 days after deadline insufficient to exclude (Fed. Cl.), 357

—Whistleblower claims barred (M.D. Pa.), 57

EYEWITNESS TESTIMONY

Reliability

—Expert proof admissible (Utah), 29

—Presumption of admissibility of expert to refute rejected (Md.), 89

Wrongful death, inference of conscious pain and suffering (Md.), 509

F

FALLS AND INJURIES *See* SLIP-AND-FALL INJURIES

FEES

Attorney's fees

—Expert reports, dismissal for failure to produce, fees mandated (Tex.), 463

—Return of fees for work never performed, expert not required (Tenn. Ct. App.), 321

Criminal proceedings, ancillary jurisdiction over subpoenaed expert fees (8th Cir.), 417

E-discovery boosts costs in federal litigation, 176

Expert fees

—Investors seen as funding source, Special Report, 178

—Preparation time, costs not authorized (N.C. Ct. App.), 561

FIDUCIARY DUTY

Stock drop litigation, valuation expert using

alternative investment methodology demonstrates injury-in-fact to pursue class claims (E.D. Pa.), 209

FINANCIAL FRAUD *See* FRAUD

FIREARMS AND WEAPONS

Tasers, wrongful death

—Expert testimony on narrow time frame between shot and death raises question of fact (D. Colo.), 205

—Timing alone insufficient to allow trial (9th Cir.), 205

FIRES

Causation

—Halogen lamp defect, failure to address alternative theories (Tex.), 339

—Vending machine defect, malfunction theory based on speculation improper (E.D. Pa.), 66

Gas can explosion, evaporation rate of aged gasoline, unknown error rate and lack of literature not bar (D. Utah), 554

Qualifications, kitchen range, electrical engineering degree and 3,000 fire investigations (M.D. La.), 221

Testing, Bernzomatic torch explosion, insufficient testing results in rejection of testimony (9th Cir.), 255; (U.S., rev den), 530

FLORIDA

Attorney's fees, reasonableness determination requires expert (Fla. Dist. Ct. App.), 418

Computer search fails to satisfy *Menke* standards (Fla. Dist. App.), 282

Discovery, physician disciplinary proceeding, investigative records ordered disclosed (Fla. Dist. Ct. App.), 487

SUV rollover, photos, videos, and charts, doctrine of substantial similarity improperly applied (Fla. Ct. App.), 343

FOOD POISONING

Peanut butter-caused salmonella, failure to link recalled product or provide medical records (N.D. Ga.), 518

FORENSIC ANALYSIS *See also* TESTING

Autopsy results

- Medical examiner not author to report (Me.), 443
- Nonperforming expert testimony restricted to personal conclusions (Okla. Crim. App.), 314

Baseless claims, scientific knowledge aids judges and defense counsel in uncovering, 92

Bullet weight, lay and expert testimony admissible (N.C. Ct. App.), 601

Computers

- Abuse victim and family member computers search (Colo.), 358
- Data theft, spoliation and suspicious defendant testimony, neutral expert exam (D. Conn.), 359
- E-mail retrieval of personal messages to attorney on company laptop violated privacy right (N.J.), 193
- Fourth Amendment application, Special Report, 211
- Investigation costs not actionable damages or loss under Computer Fraud and Abuse Act (N.D. Ill.), 68
- Wrongful death, computer and cell phone search fails to satisfy *Menke* standards (Fla. Dist. App.), 282

DNA testing. *See* DNA TESTING

D'Onofrio v. SFX, spoliation of computer data, failure to show bad faith thwarts summary judgment (D.D.C.), 485; analysis, 520

Driving record certification, testimony of secretary of state not required (Me.), 221

Drugs

- Narcotic intoxication, analytical gaps in physician testimony go to weight (5th Cir.), 174
- Visual identification unreliable (N.C.), 341
- Witness reporting results of analysis by another expert violates right to confrontation (N.C. Ct. App.), 230

Drunk driving. *See* MOTOR VEHICLES

Fentanyl patch toxicity, spectrometry blood test goes to weight (Tex. App.), 202

Financial fraud, accountant allowed to testify (D.S.C.), 14

Fingerprints, lack of error rate testimony not fatal (11th Cir.), 584

Noncapital sentencing proceedings, cross-examine allowed (N.C. Ct. App.), 585

Pathologist testimony on cause of death admissible at preliminary hearing (Neb.), 514

Va. notice and demand requirement, remanded for further proceedings (U.S., remand), 33

FORUM SELECTION

Convenience of experts low priority (La.), 561

FRAUD

Attorney misappropriation of funds, post-9/11 trauma supports lack of intent (N.Y. App. Div.), 421

Baseless claims, scientific knowledge aids judges and defense counsel in uncovering, 92

Chevron/Ecuador oil contamination claims

Bias, juror and witness contact during trial (Md.), 470
Construction industry injury, occupational safety expert may testify on duty owed to subcontractor (Md. Ct. Spec. App.), 287
Eyewitness testimony
—Drowning, inference of conscious pain and suffering does not require (Md.), 509

—Presumption of admissibility of expert to refute reliability rejected (Md.), 89
Medical malpractice, qualifications, expert not required to practice same specialty (D. Md.), 582

MASSACHUSETTS

Chemotherapy developmental risk to fetus, failure to draw causal connection not grounds for summary judgment (Mass. App. Ct.), 517
DNA testing, nonexclusion of defendant, testimony on statistical significance required (Mass.), 86
Motor vehicle accident, police officer opinion on speed (Mass. App. Ct.), 445

MEDICAL CAUSATION

Diacyetyl—caused lung injury, dismissal for inadequate causation (E.D. Wash.), 393
Differential diagnosis. *See* METHODOLOGY
Expert reports, neurologist's tying of opinion to facts of case adequate (Tex. App.), 599
Lost chance insufficient to establish (Neb.), 415
Medical devices. *See* MEDICAL DEVICES
Metoclopramide-caused tardive dyskinesia, treating physician general causation testimony fails to establish (S.D. W.Va.), 605
Motor vehicle accidents

—Expert unaware of pre-accident treatment (Del.), 249
—Incomplete medical history (Tenn. Ct. App.), 117
Occupational exposure induced asthma, expert report generated for purpose of litigation inadmissible hearsay (Tenn.), 60
Open-heart surgery, circulatory arrest induced pleural effusion, rejection of testimony for lack of experience or literature (3d Cir.), 555
Pancreatitis, bar of survivability testimony (Neb.), 415
Pharmaceuticals. *See* PHARMACEUTICALS
Review panel divided opinion not basis for rejecting summary judgment (Ind. App. Ct.), 197
Salmonella-caused poisoning, peanut butter, failure to link recalled product or provide medical records (N.D. Ga.), 518
Silica-caused lung cancer, work history and biopsy link sufficient (Tenn.), 34
Standard of care testimony lacking causation element results in dismissal (Tenn. Ct. App.), 116
Stent implants
—Expert unable to show link between symptoms and deviation from standard of care (3d Cir.), 135
—Nonapproved devices, lack of informed consent not proof (3d Cir.), 470
Tire manufacturing solvent exposure, non-Hodgkins lymphoma, failure to establish causation (Cal. Ct. App.), 538
Treatment errors, multiple explanations, expert opinion must be medically superior to other explanations (Tex.), 597
Vaccines. *See* VACCINES

MEDICAL DEVICES

Bone implant screws, alternative designs, aircraft design metallurgist not qualified (D.N.J.), 443
Cardiac defibrillator defect, personal standard of care for termination of physician-patient relationship inadequate (S.C. Ct. App.), 496
Condoms, HIV protection assertion, court defers to agency expertise (N.D. Cal.), 235
Coronary stents, nickel allergic reaction, novel theory lacking general acceptance fails *Frye* (Wash. Ct. App.), 115
Davol Bard Composix Kugel Hernia Mesh patch, failure to inform patient of recall not malpractice (La. Ct. App.), 250
Elbow implant, rigid application of *Daubert* to exclude expert overturned (9th Cir.), 129; rehearing denied, 231
Hip implants
—Metal ejection theory not subject to testing or peer review fails *Daubert* (M.D. Ga.), 581

—Recall not proof of defect, expert testimony required (S.D. Ala.), 291
Imaging equipment radiation exposure, analysis of issues, 565
Knee implants
—Improper sterilization testimony fails to bridge analytical gap (7th Cir.), 59
—Metallurgical engineer without biomechanical expertise not qualified (N.D. Ill.), 85
—Most likely cause opinion created triable issue of fact (S.D.N.Y.), 448
—Surgeon's statement of unreasonableness of breakage insufficient (D. Utah), 517
ObTape Transobturator sling
—Design defects
—Discovery, substantial equivalence review, competitor ordered to produce data (M.D. Ga.), 56
—Panel of experts leads to denial of summary judgment (M.D. Ga.), 222
—Former employee not disqualified as expert (M.D. Ga.), 204
Off-label use, bone morphogenetic protein, physician duty to disclose, testimony creates question fact for jury (D.S.D.), 16
Orthopedic implant screw failure, expert required (N. Conn.), 16
Pain pump-caused chondrolysis
—Bone screw defect, reliance on medical journal articles not based on epidemiological data (11th Cir.), 435
—*Daubert* analysis met (S.D. Ohio), 172
—Study not based on live humans not deficient (E.D. Ky.), 255
Port-a-cath misplacement, board certified physicians qualified (Tex. App.), 7
Spinal fusion system screw failure, causation testimony lacking (W.D.N.Y.), 229
Stent implants
—Expert unable to show link between symptoms and deviation from standard of care (3d Cir.), 135
—Nonapproved devices, lack of informed consent not evidence of causation (3d Cir.), 470
SurgiWrap defect, expert lacking familiarity with product leads to summary judgment (N.D. Ga.), 318

MEDICAL MALPRACTICE *See also* MEDICAL CAUSATION; WRONGFUL DEATH

Abortion, trimester, national standard of care use (D.C.), 339
Affidavits
—Contradiction of earlier deposition, summary judgment not precluded (Ohio), 381

METHODOLOGY *See also* DAUBERT

- GUIDELINES AND ANALYSIS; TESTING
- Altered evidence, testimony based on inadmissible (6th Cir.), 415
- Antitrust, geographic market, economic proof, size of market too small (E.D. Tenn.), 418
- Carbon monoxide exposure from rental U-Haul, speculation on manner of gas entering cabin rejected (3d Cir.), 531
- Class action certification, economic proof of deceptive trade practices (S.D.N.Y.), 444
- Coffee cup burn injury, testimony rejected for lack of intellectual rigor and analytical basis (2d Cir.), 529
- Condemnation, property value, state expert not qualified to testify in federal proceedings (E.D. Cal.), 13
- Damages, narrative report short on verification (6th Cir.), 341
- Differential diagnosis
 - All possible causes required to be ruled out (11th Cir.), 435
 - Alternative causes, failure to rule out other causes results in rejection (11th Cir.), 285
 - Antibiotic exposure, external causation not subject to method (N.M. Ct. App.), 515
 - Dursban-caused non-hodgkins lymphoma, testimony barred for failure to review all medical records (W.D. Pa.), 137
 - Seroquel-caused diabetes, testimony barred for failure to consider alternative causes (11th Cir.), 191
- Drug warnings, Accutane-caused suicide, expert's study not following own methodology unreliable (N.J. Super. Ct.), 81
- Dursban-caused injuries, comparative analysis rejected (8th Cir.), 601
- Engineer testimony based solely on experience (Ga.), 361
- Fosamax-caused jaw bone disorder, causation expert testimony allowed (S.D.N.Y.), 83
- Hydraulic lift platform failure, expert need not address product misuse (Ill. Ct. App.), 315
- Occupancy tax, failure of online travel firms to remit, evidence on amount collected by travel firms too speculative (N.D. Ohio), 139
- Pharmaceuticals, phenylpropranolamine based cold medicine-caused neurological illness, bare analogy from reported cases insufficient (Iowa), 105
- Plumbing pipes, pre-certification of mean time to failure calculations admissibility deferred (D. Minn.), 261
- Sex discrimination, aggregation of statistical data permitted (3d Cir.), 441
- Silica-caused lung cancer, work history and biopsy link sufficient (Tenn.), 34

MICHIGAN

- Affidavits, medical malpractice, reasonable belief in credentials (Mich. Ct. App.), 31
- E-discovery, forensic proof of computer file deletion results in dismissal of harassment claims (Mich. App.), 57
- Mold exposure, expert not needed (Mich. Ct. App.), 15

MINNESOTA

Mental disease, psychiatrist testimony on Asperger's disorder irrelevant in murder case (Minn.), 532

MISSISSIPPI

Asbestos, railworkers, failure to provide proof of

economic damages not bar to noneconomic damages (Miss.), 60

Daubert, proof not generally accepted barred (Miss.), 79

Slip and fall claims, extrapolation of causation from clinical data (Miss.), 364

MISSOURI

Vertebroplasty, radiologist practicing substantially same specialty (Mo.), 362

MONTANA

Medical malpractice, nonsurgical alternatives to spinal shunt, neuro-ophthalmologist qualified (Mont.), 335

MOTOR VEHICLES

- Accident reconstruction, opinion based on preponderance of evidence invaded jury's province (D.D.C.), 13
- Asbestos, automotive products workplace exposure, causation experts support verdict (N.J. Super. Ct. App.), 233
- Autism link to accident-caused brain injury, causation fails (11th Cir.), 340
- Automobile acceleration
 - Cruise controls, British industry consultant not qualified in suit against Ford (S.C.), 169
 - Other incidents exclusion proper (2d Cir.), 171
- Carbon monoxide exposure from rental U-Haul, speculation on manner of gas entering cabin rejected (3d Cir.), 531
- Class actions, conclusive ruling on admissibility required at certification stage (7th Cir.), 201
- Driving record certification, *Melendez* does not required testimony of secretary of state (Me.), 221
- Drunk driving
 - Blood alcohol content, odor analysis lacks rigorous standards set out in state law (N.C. Ct. App.), 555
 - Conclusions based on preliminary breath tests barred (Wis.), 81
 - Field sobriety test complies with *Frye* (Ill.), 141
 - Field sobriety test, *Frye* standards applicability to opinion of police officer (Kan.), 387
 - Horizontal gaze nystagmus test, reliability of field sobriety test needs to be established (Neb.), 254
 - Testimony of analyst not testing or preparing report of gas chromatography machine sufficient (N.M.), 111
- Expert not visiting scene and with no special knowledge of events (Del.), 440
- Lay testimony, accident-caused bruising, phlebotomist observation deemed (W. Va.), 583
- Medical history, failure to present results in dismissal (Tenn. Ct. App.), 117
- Medical treatment may not be challenged (Ind.), 133
- Motorcycle design defects
 - Circuit breaker defect, molten metal analogy to spattered blood fails *Frye* (Wash. Ct. App.), 577
- Class actions
 - Conclusive ruling on admissibility required at certification stage (7th Cir.), 201
 - Expert evidence admissible at certification stage (N.D. Ill.), 38
 - Recall notice insufficient absent expert (5th Cir.), 91
- Police officer opinion on speed (Mass. App. Ct.), 445
- Pre-accident treatment, exclusion of expert unaware of (Del.), 249
- Psychiatric injuries, psychiatric nurse practitioner qualified to testify (M.D. Pa.), 315
- Psychologist opinion on cause of brain injury (Ind.), 446
- Rollovers
 - Jordan Rollover System crush test unreliable (W.D. Okla.), 203
 - Photos, videos, and charts, doctrine of substantial similarity improperly applied (Fla. Ct. App.), 343
 - Roof design defect-caused enhanced injury, expert review of defendant test results (N.M. Ct. App.), 346
- SUV accident, experts restricted to avoid jury confusion (W.D. Okla.), 64

MOTOR VEHICLES—Contd.

Steering defect, testimony based on altered evidence inadmissible (6th Cir.), 415
Tire defect, failure to test theory (10th Cir.), 387
Truck step system failure, engineer using accepted methodology but lacking experience not barred (W.D. Okla.), 467

Hip implants, recall not proof of defect (S.D. Ala.), 291
Knee implants, surgeon's statement of unreasonableness of breakage insufficient (D. Utah), 517
Legal malpractice
—No further inquiry doctrine, use to avoid expert mandate (Tenn. Ct. App.), 472
—Return of attorneys' fees for work never performed (Tenn. Ct. App.), 321
Legal malpractice, divorce action, expert required (Me.), 562
Medical malpractice
—Biopsy of wrong organ (Del.), 367
—Informed consent claim, expert not needed (D.S.D.), 606
—Sexual assault during cardiac exam requires expert (W.D. Mich.), 319
—Sponge, failure to remove after surgery (Tenn. Ct. App.), 438
—Subclavian bypass, failure to inform of risk, expert not required to withstand directed verdict (S.C. Ct. App.), 494
Mold exposure, expert not needed (Mich. Ct. App.), 15
Motorcycle design defect, recall notice insufficient absent expert (5th Cir.), 91
Orthopedic implant screw failure, expert required (N. Conn.), 16
Securities fraud, misstatement induced stock price increase, lack of expert testimony bars price evidence (D.S.C.), 56

Slip-and-fall injuries

—Duty to keep floors clear of spills, expert not required (Del. Super. Ct.), 114
—Unattended hospital patient fall from walker, expert not required (Cal. Ct. App.), 41
Wrongful death
—Inadequate supervision claim against medical center, expert proof not required (N.C. Ct. App.), 195
—Postoperative care, expert required (Tenn. Ct. App.), 473

NEGLIGENCE

Medical malpractice. *See* MEDICAL MALPRACTICE
Medical negligence, sterilization procedure similarity to other facilities insufficient basis (Tenn. Ct. App.), 131
Slip-and-fall injuries. *See* SLIP-AND-FALL INJURIES
Wrongful death claim against hospital for negligent hiring of nurse (Tex. App.), 420

NEVADA

Affidavits, declaration signed under perjury penalty qualifies (Nev.), 336
Elbow implant, rigid application of *Daubert* to exclude expert overturned (9th Cir.), 129; rehearing denied, 231

NEW HAMPSHIRE

Damages, employment lost wages formula, degree of future earnings impairment testimony necessary (N.H.), 361

NEW JERSEY

Accutane-caused inflammatory bowel disease, statistical proof on incidence in general public (N.J. Super. Ct.), 414
Architects, unwritten consensus sufficient to establish standard of care (N.J. Super. Ct. App. Div.), 14
Asbestos, workplace exposure, experts support verdict (N.J. Super. Ct. App.), 233
Discovery, finances and litigation history order unfairly burdened expert (N.J. Super. Ct. App. Div.), 579
Drug warnings, Accutane-caused suicide, expert's study not following own methodology unreliable (N.J. Super. Ct.), 81
E-mail retrieval of personal messages to attorney on company laptop violated privacy right (N.J.), 193
Medical malpractice, pre-suit certificate, waiver of board certification in same specialty (N.J.), 383
Valuation, distributorship termination, discounted cash flow method, prior use of different method does not preclude (D.N.J.), 314

NEW MEXICO

Drunk driving, testimony of analyst not testing or preparing report of gas chromatography machine sufficient (N.M.), 111
Hearsay, child abuse, statements made to nurse examiners not categorically rejected (N.M.), 536
Motor vehicle rollover, roof design defect-caused injury, expert review of defendant test results (N.M. Ct. App.), 346
Treating physician, antibiotic in animal feed, link to injuries beyond physician expertise (N.M. Ct. App.), 515
Uranium, mine radiation-caused throat cancer, "but for" test not met (10th Cir.), 490

NEW YORK

Cleaner caused injuries, inadequate warning claims dismissed (N.Y. App. Div.), 37
Motion judge improperly barred re-raising challenge to expert (N.Y. App. Div.), 337
Sodium dichromate-caused lung cancer, smoker fails to establish causation (N.Y. Sup. Ct.), 87

NORTH CAROLINA

Attorney pro hac vice status, improper contract of expert by opposing party (N.C.), 365
Bullet identification, lay and expert testimony on weight admissible (N.C. Ct. App.), 601
Controlled substances, police officer visual identification insufficient (N.C. Ct. App.), 534
Drugs
—NarTest Machine, failure to demonstrate reliability bars evidence (N.C. Ct. App.), 36
—Witness reporting results of analysis by another expert violates right to confrontation (N.C. Ct. App.), 230
Drugs, visual identification unreliable (N.C.), 341
Drunk driving, blood alcohol content, odor analysis lacks rigorous standards set out in state law (N.C. Ct. App.), 555
Expert fees, costs for preparation time not authorized (N.C. Ct. App.), 561
Medical malpractice
—Community standards knowledge, training and experience preclude summary judgment (N.C. Ct. App.), 260
—Testimony presuming negligence excluded as speculative (N.C. Ct. App.), 136
Medical negligence, nursing homes, national standard of care rejected (N.C. Ct. App.), 145
Noncapital sentencing proceedings, cross-examine of experts writing forensic reports allowed (N.C. Ct. App.), 585
Wrongful death, arbitration of negligence claims, detailed expert interrogatory deemed waiver of right (N.C. Ct. App.), 530
Wrongful death, inadequate supervision claim against medical center, expert proof not required (N.C. Ct. App.), 195

NURSES

Antitrust, wage-fixing claims, testimony on anticompetitive effect (N.D.N.Y.), 391
Qualifications
—EMTALA compliance, premature discharge of pregnant woman opinion (D. Me.), 384
—Psychiatric nurse practitioner, motor vehicle accident-caused trauma, nurse qualified (M.D. Pa.), 315

O

OHIO

Occupancy tax, failure of online travel firms to remit, evidence on amount collected by travel firms too speculative (N.D. Ohio), 139

OKLAHOMA

DNA testing, nonperforming expert testimony restricted to personal conclusions (Okla. Crim. App.), 314

P

PATENTS

Biotechnology, expert reports held to high standards, 564
Damages
—Hypothetical negotiations-based calculations
—Allowed (Fed. Cir.), 311
—Reasonableness, *Daubert* analysis of expert testimony, 608
—Trial judge proper gatekeeper of testimony (Fed. Cir.), 9
Expert not barred from working for client's former litigation opponent (Tex. App.), 65
Extra-sweet pineapples, selective facts testimony inadmissible (2d Cir.), 557
Infringement, jury acted within discretion in crediting prior art expert (Fed. Cir.), 209
Legal malpractice, failure to conduct prior art search or patentability analysis (Fed. Cir.), 107

PATENTS —Contd.

Royalty damages, failure to link licensing to infringement dooms claim (Fed. Cir.), 118

PENNSYLVANIA

Air pollution, vinyl chloride discharges, average exposure determination and cancer cluster failure to show classwide exposure (E.D. Pa.), 144
Asbestos occupational exposure re smoking as cause of pleural thickening (Pa.), 389
Design defects, malfunction theory of vending machine fire, testimony based on speculation improper (E.D. Pa.), 66
Pharmaceuticals, Prempro-caused breast cancer, jury rejects causation testimony (Pa. C.P.), 116
Qualifications, psychiatric injuries, psychiatric nurse practitioner qualified (M.D. Pa.), 315
Work product doctrine yield to discovery of expert communications (Pa. Super. Ct.), 486

PESTICIDES See CHEMICALS

PHARMACEUTICALS

Accutane
—Failure to warn, expert's study not following own methodology unreliable (N.J. Super. Ct.), 81
—Inflammatory bowel disease, statistical proof on incidence in general public (N.J. Super. Ct.), 414
Antitrust, indirect purchaser class action denied certification (E.D. Pa.), 510
Baycol-caused muscle damage, failure to rule out alternatives (8th Cir.), 133
Bendectin to vaccine-caused autism, evolving judicial scrutiny, practitioner analysis, 237
Biotechnology, expert reports held to high standards, 564
Disclosure, FDA proposed expansion of application and clinical findings information, misuse potential, 451
Fentanyl patch, spectrometry test of blood goes to weight (Tex. App.), 202
Fosamax, bone jaw disorder
—Causation expert testimony (S.D.N.Y.), 83
—Inconclusive proof prompts dismissal (2d Cir.), 556
Gadolinium-caused Nephrogenic Systemic Fibrosis, expert admissible (N.D. Ohio), 257
Levaquin, ghostwriting of expert and scientific literature, evidence admissible (D. Minn.), 557
Metoclopramide-caused tardive dyskinesia, treating physician general causation testimony fails to establish (S.D. W.Va.), 605
Minocycline-caused vision loss, warning labels, expert admission concerning adequacy sufficient to deny summary judgment (M.D. Ga.), 164
Motrin-caused blindness, exclusion of label with expert's handwritten warning suggestions proper (Cal. App. Ct.), 533
Neurotin
—Lethargy and disorientation, expert refusal to link drug dooms suit (D. Mass.), 449
—Suicide, off-label use, economist testimony on marketing allowed, testimony of FDA worker involved in drug application allowed (M.D. Tenn.), 228
Paxil, failure to warn of suicide risk, testimony relying on class of drugs upheld (S.D. Ind.), 206
Phenylpropanolamine-caused neurological illness, methodology fails *Daubert* (Iowa), 105
Prempro-caused breast cancer, jury rejects testimony (Pa. C.P.), 116
Provera, Premarin, and Prempro, trial court failure to perform *Daubert* analysis, drugmakers seek review (U.S., rev sought), 279; (rev den), 343
Requip, linking to gambling fails (5th Cir.), 161
Seroquel-caused diabetes, testimony barred for failure to consider alternative causes (11th Cir.), 191
Trasylol labeling, regulatory expert testimony on unilateral update of label barred (S.D. Fla.), 534
Tylenol, cirrhosis of the liver, failure to prove causation (N.Y. Sup. Ct.), 63

Zyprexa litigation, confidential documents, permanent injunction bars disclosure (2d Cir.), 437

PHYSICIANS

Attorney misrepresentation of finding, claims against law firm (E.D. Pa.), 560
CAT scan interpretation, medical expert need not have same credentials as preparer of source material (Ind. App. Ct.), 413
Controlled substances, over prescribing, admission of video showing proper patient exams harmless error (6th Cir.), 10
Disciplinary proceedings
—Consulting medical expert testimony not admissible (Tex. App.), 259
—Investigative records ordered subject to discovery (Fla. Dist. Ct. App.), 487
Medical malpractice. See MEDICAL MALPRACTICE
Qualifications
—Anesthesiologist, epidural steroid injections, recent and relevant experiences satisfy Va. clinical practice requirement (E.D. Va.), 312
—Animal feed antibiotic link to injuries beyond treating physician expertise (N.M. Ct. App.), 515
—Cardiac treatment, certified cardiologists qualified (Tex. App.), 166
—Cardiologist testimony on physician assistant standard of care (Tenn.), 358
—Community standards knowledge. See MEDICAL MALPRACTICE
—Emergency room communications standard of care, patients with limited English proficiency (Tex. App.), 384
—Neurologist with head trauma experience qualified testify on obstetrician/gynecologist standard of care re hematoma-caused injury (Tex. App.), 599
—Pharmacist not barred from testifying on standard of care (D.S.D.), 252
—Practice of same specialty not required (D. Md.), 582
—Pre-suit certificate, waiver of board certification in same specialty (N.J.), 383
—Testimony of hospital former chief surgeon improperly excluded (Del.), 466
—Thoracic certified surgeon never performing specific procedure (Tex. App.), 511
—Vascular surgeon qualified to address kidney damage (Tex. App.), 552
—Vertebroplasty, radiologist practicing substantially same specialty (Mo.), 362
Treating physician
—Animal feed antibiotic link to injuries beyond treating physician expertise (N.M. Ct. App.), 515
—Back injury, orthopedic surgeon barred from expressing opinion on effect of work-related vibrations on condition (E.D. Okla.), 286
—Causation testimony subject to same rules as retained experts (8th Cir.), 513
—Expert report required where causation opinion not determined at time of treatment (7th Cir.), 463
—Lay testimony status requires knowledge and opinions obtained through course of treatment (S.D.), 110
—Metoclopramide-caused tardive dyskinesia, general causation testimony fails to establish (S.D. W.Va.), 605
—Vocational rehabilitation expert opinion of fitness for work rejected in favor of treating physician (5th Cir.), 231
—Work product doctrine yield to discovery of expert communications (Pa. Super. Ct.), 486

POLICE

Age discrimination, class actions, failure to establish commonality and or use well accepted methodology (N.D. Cal.), 471
Controlled substances, visual identification insufficient (N.C. Ct. App.), 534

Drunk driving field sobriety test, *Frye* standards applicability to opinion of officer (Kan.), 363
Excessive use of force claim, former officer testimony not relevant (2d Cir.), 363
Motor vehicle accident, opinion on speed (Mass. App. Ct.), 445

POLLUTION See ENVIRONMENT

PREEMPTION

Regulatory compliance defense, analysis, 268

PRIVILEGED COMMUNICATIONS

Discovery, e-mails inadvertently sent to expert required to be disclosed (S.D. Ohio), 108
E-mail retrieval of personal messages to attorney on company laptop violated privacy right (N.J.), 193
Inadvertent waivers, analysis of court rulings on Fed. R. Evid. 502, 94
NIH peer-review data, privilege recognized (D. Del.), 281
Zyprexa litigation, confidential documents, permanent injunction bars disclosure (2d Cir.), 437

PROCEDURE

Continuance motion, denial not equivalent to exclusion of expert (Ga.), 552

PRODUCT SAFETY AND LIABILITY

Bicycle carbon-fiber fork defect, testimony of aircraft-coating expert not conducting tests speculative (2d Cir.), 227
Boiler repair, metallurgist qualifications, lack of practical experience not bar (5th Cir.), 532
Class actions
—Conclusive ruling on admissibility required at certification stage (7th Cir.), 201
—*Daubert* considerations at pre-certification stage, analysis, 348
Crane defect, feasibility of alternative design lacking (SC Ct. App.), 471
Design defects. See DESIGN DEFECTS
Disclosure, FDA proposed expansion of application and clinical findings information, misuse potential, 451
Discovery sanctions, water heater gas control, reports from nontestifying experts in settled cases not basis (Ind. App. Ct.), 225
Escalator accident, res ipsa loquitur barred by causation options (5th Cir.), 280
Gas can explosion, evaporation rate of aged gasoline, unknown error rate and lack of literature not bar (D. Utah), 554
Halogen lamp fire, failure to address alternative theories (Tex.), 339
Hydraulic lift platform failure, expert need not address product misuse (Ill. Ct. App.), 315
Medical devices. See MEDICAL DEVICES
Motor vehicles. See MOTOR VEHICLES
Nickel, judicial notice of toxicity levels needed rejected (N.D.N.Y.), 263
Oil rig wire rope sling, parts maker entitled to directed verdict (Tex. App.), 367
Pharmaceuticals. See PHARMACEUTICALS
Plumbing pipes, class certification, mean time to failure calculations admissibility deferred (D. Minn.), 261
Power tool warning sufficiency, font size, guesswork disallowed (Cal. Ct. App.), 495
Scientific literature use, challenging peer-reviewed material, practitioner discussion, 397
Timex watch straps, hexavalent chromium-caused dermatitis, untimely report rejected, conclusory report not stating relevant standards rejected (W.D. La.), 62

Q

QUALIFICATIONS

QUALIFICATIONS —Contd.

Accounting fraud, handwriting and corporate governance expert allowed (E.D.N.Y.) —Contd.
Accounting fraud, handwriting and corporate governance expert allowed (E.D.N.Y.), 61
Anesthesiologist, epidural steroid injections, recent and relevant experiences satisfy Va. clinical practice requirement (E.D. Va.), 312
Attic stairway faulty installation, engineering license not needed (Ala.), 81
Bicycle carbon-fiber fork defect, testimony of aircraft-coating expert not conducting tests speculative (2d Cir.), 227
Birth injury
—Bio-mechanical engineer on forces exerted during labor (Ga. Ct. App.), 390
—EMTALA compliance, nurse opinion on premature discharge (D. Me.), 384
Community standards, medical malpractice. *See* MEDICAL MALPRACTICE
Fire origin expert, kitchen range, expert with electrical engineering degree and 3,000 fire investigations deemed qualified (M.D. La.), 221
Gambling, antitrust market definition, night club owners not qualified (9th Cir.), 163
Medical devices
—Bone implant screws, alternative designs, aircraft design metallurgist not qualified (D.N.J.), 443
—Knee implant failure, metallurgical engineer without biomechanical expertise not qualified (N.D. Ill.), 85
—ObTape Transobturator sling, former employee not disqualified as expert (M.D. Ga.), 204
—SurgiWrap defect, expert lacking familiarity with product leads to summary judgment (N.D. Ga.), 318
Medical malpractice. *See* PHYSICIANS
Metallurgy, bad boiler welds, lack of practical experience not bar (5th Cir.), 532
Motor vehicle accident
—Police officer opinion on speed (Mass. App. Ct.), 445
—Psychologist opinion on cause of brain injury (Ind.), 446
Nurses
—EMTALA compliance, premature discharge of pregnant woman opinion (D. Me.), 384
—Psychiatric nurse practitioner, motor vehicle accident-caused trauma, nurse qualified (M.D. Pa.), 315
Pharmacist testifying on standard of care (D.S.D.), 252
Physicians. *See* PHYSICIANS
Product liability, auto cruise controls, British industry consultant not qualified in suit against Ford (S.C.), 169
Race discrimination, disciplined firefighters, former fire commissioner testimony (Cal. Ct. App.), 113
Real property condemnation
—Real estate agent without license qualified (Tenn. Ct. App.), 492
—State expert not qualified in federal case (E.D. Cal.), 13
Securities broker-dealer registration requirement, experience in advising clients and industry practice-based opinion adequate (M.D. Fla.), 603
Sidewalk defect, building code expert photographic-based calculations barred (N.D. Ill.), 602
Truck step system failure, engineer using accepted methodology but lacking experience not barred (W.D. Okla.), 467
Vertebroplasty, radiologist practicing substantially same specialty (Mo.), 362

R

RACE DISCRIMINATION

Qualifications, former fire commissioner allowed to testify on behalf of disciplined firefighters (Cal. Ct. App.), 113

Statistics

—Disparate impact, weight of evidence not determinative of admissibility (S.D.N.Y.), 67
—EEO-1 and general census data use permissible (W.D. Tenn.), 316
—Small sample size and lack of expert analysis bars testimony (6th Cir.), 208

RAILROADS

Back injury, treating orthopedic surgeon barred from expressing opinion on effect of work-related vibrations on condition (E.D. Okla.), 286

REAL PROPERTY

Condominium defects, expert not needed to prove cost of repair (Tex. App.), 494
Environmental contamination. *See* ENVIRONMENT
Hurricane Katrina-caused damage, opinion based on years later inspection of similar property (S.D. Miss.), 442
Plutonium contaminated property, mere exposure insufficient to establish damages (10th Cir.), 469
Valuation. *See* VALUATION

RELEVANCY

Excessive use of force claim, former officer police testimony rejected (2d Cir.), 363

RELIABILITY *See also* DAUBERT GUIDELINES AND ANALYSIS

Drugs, NarTest Machine, failure to demonstrate reliability bars evidence (N.C. Ct. App.), 36
Eyewitness testimony, expert proof (Utah), 29

RES IPSA LOQUITUR

Cataract surgery, infection-caused injury, failure to trace source (Ill. App. Ct.), 448
Escalator accident, causation options bar use (5th Cir.), 280
Kitchen range fire, circumstantial evidence sufficient, deviation from specs not required to be proven (M.D. La.), 221

ROLLOVERS *See* MOTOR VEHICLES

S

SANCTIONS

Discovery, water heater gas control, reports from nontestifying experts in settled cases not basis (Ind. App. Ct.), 225
FEMA trailer formaldehyde, industrial hygienist false statements in unrelated case not bar to testimony (5th Cir.), 581
Mortgage fraud, exclusion of testimony for failure to timely disclose bases of opinion, plaintiffs seek to set aside (D. Nev.), 284
Whistleblower claims, untimely report barred (M.D. Pa.), 57

SEARCH AND SEIZURE

Computer data. *See* COMPUTERS
Police officer's testimony on legality of search barred (N.D. Ill.), 286

SECURITIES FRAUD

Auditor malpractice, defending investor claims at pleading stage, analysis, 147
Broker registration requirement, testimony on whether actions triggered requirement allowed (M.D. Fla.), 603
Discovery, internal accounting documents to prove loss causation not accessible (S.D. Tex.), 199
Fraud-on-the-market presumption, causation link between misrepresentations and loss required at certification stage (5th Cir.), 134
Misstatement induced stock price increase, lack of expert testimony bars price evidence (D.S.C.), 56
News reports, failure to link stock drop to news reports of account irregularities (2d Cir.), 142

SELF-INCRIMINATION

Incriminating statements admissible at preliminary hearing (Neb.), 514

SENTENCING

Expert reports, reliance on pretrial bail hearing report (2d Cir.), 417
Noncapital sentencing proceedings, cross-examine of experts writing forensic reports allowed (N.C. Ct. App.), 585
Satanism and human sacrifice testimony admissible (Tex. Crim. App.), 514

SETTLEMENTS

World Trade Center responders, offer rejected as unfair, judge to appoint team to administer claims (S.D.N.Y.), 174

SEX DISCRIMINATION

Statistics
—Aggregation of data permitted (3d Cir.), 441
—Class certification, statistical evidence upheld, *Daubert* challenge rejected (9th Cir.), 219; role of experts at certification stage, analysis, 423; antitrust implications, analysis, 501
—San Diego lifeguard promotions, disparate impact statistics (9th Cir.), 345
—Significant statistical disparity testimony allowed (S.D.N.Y.), 137

SEXUAL ASSAULT

Expert reports, claim against orthopedist not health liability action requiring report (Tex. App.), 313

SEXUAL HARASSMENT

E-discovery, forensic proof of laptop file deletion results in dismissal (Mich. App.), 57

SHIPS AND SHIPPING

Photograph of unsafe practices to support unseaworthiness claims (1st Cir.), 515

SIGNATURES

Handwriting expert allowed (E.D.N.Y.), 61

SLIP-AND-FALL INJURIES

Accident reconstruction testimony based on evidence in record admissible (Wash. Ct. App.), 37
Causation, extrapolation of causation from clinical data (Miss.), 364
Duty to keep floors clear of spilled water, expert not required (Del. Super. Ct.), 114
Hospital walker, unattended patient fall, expert not required (Cal. Ct. App.), 41
Sidewalk defect, photographic-based calculations, building code expert testimony barred (N.D. Ill.), 602

SOUTH CAROLINA

Automobile cruise controls, British industry consultant not qualified in suit against Ford (S.C.), 171
Legal malpractice, landlord-tenant claims, conclusory statement that case not properly presented insufficient (S.C.), 587
Medical malpractice subclavian bypass, failure to inform of risk, expert not required to withstand directed verdict (S.C. Ct. App.), 494
Wrongful death, crane defect, feasibility of alternative design lacking (S.C. Ct. App.), 471

SOUTH DAKOTA

Lay testimony, memory loss, treating physician status requires knowledge and opinions obtained through course of treatment (S.D.), 110
Medical malpractice, informed consent claim, expert not needed (D.S.D.), 606

SPORTS

Antitrust, auto racing, market definition, testimony

SPORTS—Contd.

Antitrust, auto racing, market definition, testimony deviating from standardized test excluded (6th Cir.)
—Contd.
deviating from standardized test excluded (6th Cir.), 11

STANDARD OF CARE *See generally* **MEDICAL MALPRACTICE**

STATISTICS *See also* **SURVEYS**

Accutane-caused inflammatory bowel disease, incidence in general public (N.J. Super. Ct.), 414
Age discrimination
—Class actions, police officer promotions, failure to establish commonality and or use well accepted methodology (N.D. Cal.), 471
—Link between age and likelihood of termination in RIF (D. Me.), 251
Antitrust, pharmaceutical company re generic manufacturer, indirect purchaser class action denied certification (E.D. Pa.), 510
Consumer credit class action, misleading dunning letters, faulty survey leads to dismissal (7th Cir.), 131
DNA testing, nonexclusion of defendant, testimony on statistical significance required (Mass.), 86
Employment claims class actions, sampling techniques best use, analysis, 474
Gender discrimination, significant statistical disparity testimony allowed (S.D.N.Y.), 137
Lost earnings, investment banker, failure to base estimate on independent assessment of company's projected growth fatal (N.D. Cal.), 600
Mandatory retirement age for state troopers, conflicting proof on ability to perform job (Vt.), 393
Medicare billing fraud, statistician and medical billing code expert testimony admissible (4th Cir.), 556
Plumbing pipes, pre-certification of mean time to failure statistical calculations admissibility deferred (D. Minn.), 261
Race discrimination. *See* **RACE DISCRIMINATION**
Sex discrimination. *See* **SEX DISCRIMINATION**

STATUTES OF LIMITATIONS

Medical malpractice, fraudulent concealment claim creates factual dispute (Tenn. Ct. App.), 199

SUFFICIENCY *See* **METHODOLOGY**; *specific subject matter*

Expert reports. *See* **EXPERT REPORTS**

SUMMARY JUDGMENT

Affidavit contradicting earlier deposition, summary judgment not precluded (Ohio), 381
Chemotherapy developmental risk to fetus, failure to draw causal connection not grounds (Mass. App. Ct.), 517
Drug warnings, minocycline-caused vision loss, expert admission concerning adequacy sufficient to deny summary judgment (M.D. Ga.), 164
Medical causation, review panel divided opinion not basis for rejecting (Ind. App. Ct.), 197
Medical devices
—ObTape Transobturator sling design defects, panel of experts leads to denial of motion (M.D. Ga.), 222
—Physician duty to disclose off-label use, testimony creates question fact for jury (D.S.D.), 16
Medical malpractice, community standards knowledge, demonstration of sufficient training and experience preclude summary judgment (N.C. Ct. App.), 260
Medical negligence, sterilization procedure similarity to other facilities insufficient basis (Tenn. Ct. App.), 131

SUPREME COURT

Bernzomatic torch explosion, *Daubert* application in diversity suits upheld (U.S., rev den), 530

SUPREME COURT, U.S.

Antitrust
—Causation, use of Fed. R. Evid. 803(3) hearsay exception to prove causation and damages, analysis, 70
—Damages, automotive price-fixing, failure to show link between violations and dealership financial difficulties (rev den), 513
Daubert standards, trial court failure to perform analysis, drugmakers seek review (rev sought), 279; (rev den), 343
DNA testing, misstatement of match probability insufficient to exclude (rvs), 33
Expert witness disclosure rule changes approved, 266; rule takes effect, 588
Forensic evidence, confrontation of analyst case remanded for further proceedings (rem.), 53
